This is an action of ejectment brought by Dominguez against Botiller and others to recover possession of the ranch Los Virgines, in Los Angeles county, California. It is contended by Botiller that the tract is public land, and open to entry under the general land laws. The lower Court held that, as Domin-

PETITION FOR TAX CANCELLATION.

J. W. Hughes appeared before the Board and as attorney for the owner, J. W. Wilson, asked that the unpaid taxes of 1882, 1883, 1884, 1885 and 1887, on the block bounded by P and Q. Yager. At 1:45 the members of the Board appeared in the Police Court-room, which was already filled with anxious and expectant applicants and their friends. Mayor Gregory presided, as President of the Board, and ex-Chief of Police Dillman, in the ab-sence of the Court Clerk, acted as Secretary. At 2 o'clock the meeting was called to order, and the Secretary read the minutes of the last annual meeting, which were ap-

The members of the Board became somewhat uneasy during this tedious procedure, as it seemed to be a needless prolongation of the torture to their wounded feelings: when the troupe played long weeks and months by seekers after positions and their armies of persistent friends. Before the Secretary had concluded the reading of the list the room had become crowded to overflowing, and the hallways and adjoining rooms were filled with anxious-looking men. THE NUMBER TO BE ELECTED.

At the conclusion of the reading of the list Chief Lee moved that the Board proceed to elect a force of twenty-three men.

Judge Buckley said he favored the motion, and was even in favor of making the number twenty-five, exclusive of the Captain. He believed the bill recently passed authorizing the election of thirty men, was a necessity, owing to the rapid growth of the city. In the outskirts of the city the people had for some time past complained bitterly of inadequate police protection, which was a necessary result of the present limited force. Even with the proposed increase, the force would be less, in propor-tion to population, than that of any city in this or any other State of the Union. The additional outlay entailed would, in his opinion, be more than compensated for by the better protection afforded citizens in their persons and property. He moved to amend the motion of Chief Lee by making

the number to be elected twenty-five. Chief Lee-"I accept the amendment." Mayor Gregory said that it was at hi personal solicitation the Governor signed the bill, but it was not understood at the time that it was such a dire necessity. He did not deny that the city needed the proposed increase in the number of policemen, but the city tax had been levied prior to the passage of the bill reterred to, and he speak in praise of the local vocalists who | did not believe it would be legal to elect more than fifteen members (and a Captain) and would confine himself to balloting for

that number only.

THE ELECTION. The Mayor said the next thing in order was balloting for officers, and each of the

Commissioners set to work preparing his ballot for twenty-five candidates. Following is the result of the balloting, two or more votes being necessary to elect: Matt Karcher (Captain) 2, Robert Ash 2

Eastern visitors who viewed the scene from the sidewalks could not have been favorably impressed with the California method of controlling our boys, while such events are very likely, when reported at the East, to take on a character that will not contribute to friendliness to the Chinese exclusion policy.

Tracks on J Street. A force of men commenced work vester day laying a parallel track through the J-street division of the Central Railway. and to-day a force of about forty men will be engaged in the work. Mr. Lewis states possible to run the electric car, and he estimates that about two weeks will be required to lay the track. Several news cars are now being constructed, and will be placed on the road when the double track on J street and switches beyond there are

On Saturday and Sunday large number of people rode out to the end of the road, at Oak Park, where they scattered out through the fields and gathered wild flowers. On Sunday some six hundred persons rode out in the electric car. The day was so charming that the street cars did a rushing business, especially the O street and Highland Park lines, which were crowded all day long. The country is now in its most inviting condition, and down-town people are availing themselves of the opportunities offered to enjoy an occasion hour among the fields and meadows.

ATTEMPT AT SUICIDE.

An Elderly and Despondent Stranger Seeks to End His Life. Officer Rider last evening found a man about 60 years of age lying in a pool of blood, in a vacant lot in the vicinity of Fifteenth and D streets, with an American 44-caliber bulldog pistol by his side and a large hole in his head just over and a little in advance of the right ear.

The man was still alive, and was taken to the Receiving Hospital, where he revived sufficiently to give his name as O. Rosinquest. He admitted having shot himself with suicidal intent, and rather incoherently intimated that he thought his mind was affected. All that could be learned from him was that he arrived from Oregon a day or two ago. His only effects were an old silver watch and a handful of

istol cartridges. The unfortunate man was sent to the County Hospital, where it was found that the bullet had ranged forward and downward and passed into the mouth. An effort was made at a late hour to learn whether he was still alive, but telephonic connection could not be established.

Hapeman is a good pitcher, and got a little the worst of it yesterday on called balls, although Sheridan evidently tried to do the fair thing by both sides. #### A NEW DEPARTURE.

The Citizens of Findlay, Ohio, to Elect

Their Postmaster by Ballot. FINDLAT (O.), April 1st.—The first recognition President Harrison gave Ohio was the nomination of Samuel C. Moore to be Postmaster at Findlay, which was made on the recommendation of the Republican County Committee and Senator John Sherman. On the day the nomination was made there were sent to Mr. Sherman numerous protests against the appointment and serious charges made against Moore's honesty and Republicanism. The charges were backed by strong affidavits, and as a consequence the nomination was hung up.
Last Monday Senator Sherman wrote to the Republican managers here that he was unable to reconcile the charges and counter charges and would demand an election to determine the people's choice. One has accordingly been ordered for April 3d, and it will be the hottest political fight ever made health. in the county, as the Moore and anti-Moore men are about evenly divided, and it will be a death struggle. The committee has arranged for one polling-place, where fully 3,000 votes must be cast in twelve hours, an average of over four a minute. One of the charges against Moore is that he paid \$1,000 to W. S. Hammaker, present Postmaster, to secure his resignation, which was placed in Sherman's hands along with Moore's recommendation.
